

Youth Hunting/Fishing Exchange Program

The Atlantic Province's Youth Hunting and Fishing Exchange Program is endorsed by the governments of New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland and Labrador and is supported by various participating sponsors with an interest in wildlife. Government and non-government agencies responsible for managing wildlife and habitat depend a great deal on the support of hunters and anglers. We all have a common interest in ensuring that our precious resources continue to be used responsibly and be enjoyed by future generations.

The Youth Hunting and Fishing Exchange Program embraces the heritage and culture of hunting and fishing in Atlantic Canada and encourages our youth to become involved in conservation awareness in our own communities. Through their participation in programs like the Firearms Safety/Hunter Education Course, young people, age 12 to 17, can also win an opportunity to experience other cultures and lifestyles involving hunting and fishing in our neighbouring provinces.

**Congratulations to
